REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Unity:

Another fiscal year has passed and it becomes my duty to report your schools, which is my twelfth time, and am sorry to say my last, as I have enjoyed the work here, feeling that I had your support and cooperation at all times.

At the close of our school year last June we received the resignations of Mrs. Shorey, teacher of the Primary School, and Mrs. Ward of the Worth School, whereupon Missess Foster and Glines, respectively, received election, and let it suffice to say that both are conscientious and teachers of exceptional ability.

The teachers of the high school remained as last year and I am pleased to report the school as in good condition under the capable principalship of Mr. Woodward. He has the respect of the student body and has come out firm on many trying occasions.

Miss Hayden, a helping teacher from the State department, visited our schools and gave the teachers helpful suggestions in doing a little side line work in music. No doubt she compliments many superintendents on their excellent teachers and good, progressive schools, but somehow I felt her quite sincere when she said many good things of our teachers and their work, more especially of the cordial and polite reception given her by our pupils in each school.

SCHOOL ORGANIZATION

It has always been a recognized fact that the best school work can be accomplished where there is competition, thus there is a State-wide movement in consolidation that is inclosing the small school and taking it to a central school. Our State has a bill before the legislature which no doubt will be enacted into law giving a town one thousand dollars to be expended in providing a room in a central place.

This year we closed the Farwell Corner School and conveyed them to the Village School as transportation was made possible by having improved roads and, too, made a saving in finances.

The committee has a legal right to do this for one year when it comes to the town for special action. Such appears in your town warrant.

This year we started our beginners with regular first grade work although designating them as Sub-Primary. This is an equivalent of a nine grade system. A child well matured is able to do this, but one who is slow on the start will require an extra. It is impossible to have a system to fit every child as there is such a vast difference in their intellectual ability.

For some time we have had a call for another course in High School along the vocational line for our girls which would serve their needs as does agriculture for the boys.

Miss Jenkins, representing the Home Economics course of the State department, met with your superintending school committee and discussed the possibility
and plans for such a course. In brief it works exactly as
does the Agricultural course. Next year you can get on
with $300.00 less than this year, and the next, $300.00
less, and the third year, $550.00 will be sufficient to main-
tain the course.

The laboratory room can be made available for the
class.

The teacher of Home Economics could have two
double periods in the morning, giving her the afternoon
to a.d in the regular work.

The High School day is divided into seven periods and
in order to do the required work, Mr. Woodward is
obliged to teach each period. Thus the help of another
teacher is needed very much, and a school drawing the
tuition that yours does at the present time is worthy
another teacher and a course for the girls who will not
go on into advanced education.

REPAIRS

This year, besides doing the regular repair work, the
grade building was painted, also the finish on the High
School building. New fire barrels were purchased for
stoves in the grade building.

I believe it impossible to go on another year with the
septic tank at the High School building. Because of the
quicksand, it is impossible to repair the present one. I
suggest that it be removed, the pit thoroughly cleansed,
a larger tank installed and the stools raised at least eight-
een inches, thus giving an elevation that will provide
proper drainage, keeping all pipes above the concrete.

New shades are needed at the High School, but before
being installed, a little change, which I have explained to
the committee, should be made with the windows.

I suggest that you as soon as possible build a new coal
bin by sinking a pit outside the school building in order
to get rid of the coal dust which gets into the pipes, caus-
ing them to corrode and contaminating the water, to say
nothing of the dirt that it makes in the basement. By so doing, this will make a larger room for the boys and provide a place for the laboratory, which at the present time is on the second floor.

ATHLETICS

Our boys and girls are at a great handicap in their basketball activities in that they do not have a gymnasium or a place provided for them. It is impossible for them to pay the hall rent, pay a referee and provide themselves with suits and equipment with their gate receipts and dues. Freedom and Brooks have a gymnasium so their schools do not have this burden. The first year I was here it was the custom to solicit funds. I believe it much more reasonable for each to share equally and provide them a place.

During the baseball season they receive very little support, so if the expense of paying the rent for basketball was taken by the town, it would leave them funds with which to better equip themselves for baseball. To me this seems only right, in fact your committee already have the right to pay rent for school purposes. I have not taken this matter up with them and feel that the town should first be given an opportunity to express themselves.

During the fiscal year we have had 34 full-time tuition students and one for a fourth of a year. The rate of
tuition is governed by the cost per student, which at the present time is fifty dollars per year.

CONCLUSION

In taking my leave as your superintendent, I do so with a heart of gratitude for the consideration you have given, for your support and faith in me. I feel that I am leaving your schools well organized, in fact my successor will without the least trouble take up his work as though he were not a stranger.

I do not find it at all pleasant even of my own accord to step down and out of the work to which my life was dedicated, but I do so, wishing to have a change for a year, hoping to be able to do some work I otherwise am unable to accomplish. In so doing, I shall give over my place to another, making it possible for him to have a better opportunity for service.

Teachers, I trust that in some way I have been of help to you in your school work to which you too are so devoted and that my successor will be as happy in his work as I have been. Pupils of the grades and students of the High School, you have a lasting place in my heart and I plead that you improve these golden opportunities that are yours. You are soon to be our future citizens and it is to you we look. It is going to give me pleasure to await and know of your future success. You can each be just what you most desire if you have that determination within to prepare for it, and an ambition that brings success.

To the committee, I wish to express my appreciation for the undivided support you have given, and for your faith in my integrity. I have been with you through a season of plenty and the season of depression. Taking my leave at this time, when conditions are returning to normal, with your schools in good condition, I trust that
my successor will have your support and carry your schools to a higher level over the road so clearly outlined.
Respectfully submitted,

G. M. D. GRANT,
Superintendent of Schools,
1925-1937.
RECOMMENDATIONS OF BUDGET COMMITTEE

Unity, Maine, February 15, 1937.

1. Voted to include salary of superintendent of schools with town officers.

WARRANT FOR TOWN MEETING

To be used at the Annual Meeting, March 8, 1937

To George H. Foster, Jr., a Constable in the Town of Unity, in the County of Waldo and State of Maine,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Unity, qualified by law to vote in town affairs, to assemble at the Lower Hall, Odd Fellows' Building, in said Town of Unity, on Monday, the EIGHTH day of March, A. D. 1937, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk for said town for the ensuing year.

Art. 3. To see if the town will vote to accept the report of the selectmen, assessors, overseers of the poor, treasurer, and superintendent of schools.

Art. 4. To choose three selectmen for said town for the ensuing year.

Art. 5. To choose three assessors for said town for the ensuing year.

Art. 6. To choose three overseers of the poor for said town for the ensuing year.
