Respectfully submitted,

F. E. Weston,

Treasurer and Collector.
To the Members of the Superintending School Committee and the Citizens of Winter Harbor:

I herewith present my fifth annual report of the condition, progress and needs of the schools of Winter Harbor.

The school year just passed has been a very satisfactory one in all departments of school activity. The teachers, trained and experienced and otherwise well qualified for their positions, have put forth their best efforts to promote the welfare of their schools, the pupils have cooperated splendidly and excellent results have been attained.

During the fall term there were 131 pupils enrolled in the schools as follows: Primary School, 22; Intermediate School, 30; Grades 7 and 8, 12; and Grades 10-12, 67. Of these latter (67), 16 were freshmen, 16 were sophomores, 14 were juniors, and 21 were seniors. During the fall term there were 19 tuition students, as follows: Freshmen, 7; sophomores, 2; juniors, 1; seniors, 9.

The major repairs made this year were the wiring of the elementary building and the renovating of the rooms of the high school building. In the latter case the walls and ceilings were kalsomined, blackboards painted, radiators bronzed, etc.

This next year a start should be made on fitting up the schoolrooms with slate blackboards. One room a year can be so fitted at small expense. It would be well to begin with the main room of
the high school building, which would require about forty linear feet of slate costing about $70.00 besides freight and installing.

Below is an outline of a budget for 1930-31, given here not as a final suggestion as to how much money will be needed, but simply as a working basis for determining that fact.

HIGH AND ELEMENTARY SCHOOLS

Expenses

For teachers, $1,800.00
" 1,100.00
" 1,200.00
" 800.00
" 800.00

$5,700.00

Fuel, average last five years, 568.59
Janitor service, 450.00
Electricity, estimated, 50.00
Cleaning, etc., estimated, 75.00

$6,843.59

Receipts

From State, estimated, $1,164.43
From tuition, estimated, 1,100.00 $2,264.43

Necessary to raise, $4,579.16
Textbooks, estimated needs, $600.00

I believe that we should get back to living within our income, that the town should determine how much money it wishes to spend on its schools and raise that amount, and that the school officials should keep the expenditures within that amount, except, of course, in case of emergency. Some of the points that should be considered in determining how much money should be spent on schools are: 1. The various items that make up the school cost as to (a) What can be done with any stated amount of money, and (b) How the addition to or subtraction from the present costs
of any stated sum would affect the schools; 2. How the opportunities offered the pupils of Winter Harbor compare with those offered in other similarly situated communities as to (a) Organization, (b) Teachers, (c) Curriculum, and (d) Physical equipment (buildings, etc.); 3. Financial, as to (a) The ability of the town to furnish education to its pupils as determined by the amount of taxable property behind each pupil, (b) The amount of money spent per pupil as compared with the State average and with the average in other similarly situated towns, and (c) How the tax rate will be affected by increasing or decreasing the amount expended.

In closing this report, may I say to the school board, teachers, students and citizens, that it has been a real pleasure to work with you in seeking to promote the educational welfare of the young folks of Winter Harbor, and I thank you for your cooperation and assistance.

Respectfully submitted,

ARTHUR E. URANN.

AUDITOR’S REPORT

I have examined the accounts of the various town officers, which appear to have been carefully kept throughout the year, and find vouchers or other evidence of payment on file for all orders drawn on the Treasurer. The Treasurer’s account shows that all orders drawn on him have been paid and the amount of cash in treasury agrees with the amount as shown on his report.

Respectfully submitted,

Geo. C. Blance,

Auditor.
