HARRY C. WEBBER,
ELISHA L. TOTMAN,
CHARLES V. MINOTT, Jr.,
Assessors of Phippsburg.
To the Citizens of Phippsburg:

I respectfully submit my annual report.

Throughout the town the schools have been conducted in the same manner as in the past three years. There have been thirty-six weeks of school divided into three terms as follows: Spring term, thirteen weeks; fall term, eleven weeks; winter term, twelve weeks.

The Dromore school was reopened in the spring with ten pupils enrolled, and for a school of its size there has been much interest shown and good attendance.

The school books are in a fairly good condition; no changes have been made and necessary books were purchased from time to time.

No extensive repairs have been made and all the school buildings in town are in a very good condition. New stoves were bought for the Basin and Dromore school houses.

The following schedule gives the names of teachers and other information in regard to each school.

The enrollment and average attendance for the Winter Term cannot be given as the term is not yet ended.

The town has continued to pay the tuition of those pupils from the Winnegance district who have attended the Bath schools.

The teachers employed during the past year have for the most part been well liked, and every effort has been made by them to keep up the interest of their pupils and to encourage them to attend school. I wish to note that four of the teachers are residents of this town.
I would recommend that the following appropriations be made for the maintenance of schools for the ensuing year:

Support of schools $1,000.00
Repair of school buildings 150.00
Free text books 100.00
Supplies for schools 50.00

I wish to take this opportunity to thank all those who have in any way helped to make the schools more successful.

Very respectfully yours,

JOHN H. STACEY,
Superintendent of Schools.
