The net earnings of the town hall the past year has been very satisfactory. Also we have been able to extend some courtesy to the Busy Bee Society and the Cranberry School League, which seems to have the approval of the greater part of the people. A number of our people are in favor of having a new floor put in the hall and I find, by a careful estimate, that the cost would be something like $175.00.

Selectmen's Remarks.

We can all point with pride to the year's town business just closed. It has been a very successful year from every point of view. All business coming before the selectmen has been settled in a very peaceful and satisfactory manner, and to day we are in litigation with no one. The Baker's Island suit was settled in due course of time at an expense of $100 for legal services. The Baker's Island people are well satisfied that their interests were well looked after by the chairman of selectmen, and we can all rejoice together in fixing up the details of this affair so very satisfactory to all concerned. Every account shows a balance to this date and we have in the treasury to commence the year's work, $1,774.48. All bills are paid and every town order was in the hands of the treasurer at the close of the year's work Feb. 10th. This working balance is something more than usual, which will prove to the tax payers that

Town Agent.

This certifies that I have examined the accounts of the selectmen, and that they are well and correctly kept, with the necessary vouchers on file. Balance in favor of the town $1,774.48. I have also examined the town treasurer’s accounts, and they are well kept with the proper vouchers on file, and show that $6,520.90 has been received from all sources, and that $4,746.42 has been paid out to date, leaving a balance in favor of the town $1,774.48 which agrees with the selectmen’s balance. The funds are in the bank in the town’s name, and cash on hand to cover the said balance.

Respectfully submitted,
W. E. HADLOCK,

At a meeting of the overseers of the poor we thought it better to move Mrs. Catherine Mitchell from Mt. Desert to Cranberry Island. Since that time we have made arrangements with Mrs. Emma Birlem to board Mrs. Mitchell for $6.00 per week. She has good care and we are satisfied she is in good hands. The Joseph White family on Cranberry Island had medical attendance, and according to law, we had to guarantee the doctor's bill in advance. Mr. White has promised to pay this amount back to the town as soon as he is able. I have considered it a loan for the time being and charged same to contingency account.

SUPERINTENDENT OF SCHOOLS.

Leslie R. Bunker.

The school property in the town of Cranberry Isles is in very good shape. This coming year the school building in Sutton ought to be shingled and the inside of the building varnished. The seats and desks in schools Nos. 1, 2, G. C. I., ought to be varnished, also the seats and desks in school No. 3, L. C. I. Other minor repairs to be made will call for the raising of $200 for repairs of school property. Repairs to the extent of $91.60 on school building No. 2, L. C. I.; $11.52 on school building No. 1, G. C. I., and $4.60 on school building No. 3, Sutton, were made the past year. Nathan S. Stanley paid one-half for new fence on school property line at L. C. I. The town order with interest on school building No. 1, G. C. I., for $750 was paid when due. Only $525, principle and interest, now remain unpaid and this will be paid when due, Dec. 5, 1910.

Superintendent's Remarks

On April 1, 1909, there were in town 99 persons between 5 and 21 years of age, 6 more than the preceding year. I have as far as possible tried to secure the services of the best teachers for the wages paid in the different schools. Most of these teachers have been a success from my point of view, but I am sorry to say, a few did not come up to my expectations. New teachers coming here even with State certificates do not give us the desired satisfaction in general. The past year I have tried my best to give the scholars of our town the advantage of good teachers and teachings. No one interested in the schools will deny but I have tried to faithfully and impartially do my part. I have given a lot of time to the school system as the different teacher's certificates will prove. But on the whole in looking back I do not feel that the results have been altogether gratifying. A superintendent, to feel that his work is successful, must have the full support and confidence of the school board and the general good will of the fathers, mothers and children. If the schools of Cranberry Isles are to become all they should be parents, children and everyone who feels the least pride or interest in the welfare of the town must unite their efforts for their improvement and progress. I wish to thank the scholars of our town for the courtesy with which I have always been received, I have enjoyed the work and trust that it has not been wholly without results.
