ONE HUNDRED AND THIRTIETH

ANNUAL REPORT

OF THE

MUNICIPAL OFFICERS

OF THE TOWN OF

St. Albans, Maine

FOR THE FISCAL

Year of 1942 - 1943
ONE HUNDRED AND THIRTIETH
ANNUAL REPORT
OF THE
MUNICIPAL OFFICERS
OF THE TOWN OF
St. Albans, Maine

FOR THE FISCAL
Year of 1942 - 1943

Press of
Pittsfield Advertiser
1943
To Robert E. Martin, Constable, Town of St. Albans, Greetings:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of St. Albans qualified to vote on Town affairs to meet at the Town Hall in said town on Monday, March 8, A. D. 1943 at ten o’clock, A. M.

Art. 1 To choose a moderator to preside over said meeting.

Art. 2 To choose a town clerk.

Art. 3 To hear reports of town officers and act on same.

Art. 4 To choose three or more selectmen, assessors and overseers of the poor, to determine their salary and act on anything relating thereto.

Art. 5 To choose a town treasurer.

Art. 6 To choose a superintending school committee.

Art. 7 To choose a road commissioner, fix his compensation and act on anything relating to same.

Art. 8 To choose a collector of 1943 taxes, fix his salary or commission, or act on anything relating to payment or collection of the 1943 Commitment.

Art. 9 To choose all other necessary town officers.

Art. 10 To see what percent the town will vote to withhold for taxes of all persons working for the town or act on anything relating thereto.

Art. 11 To see if the town will instruct the selectmen to hire money in anticipation of taxes.

Art. 12 To see what sum of money the town will vote to
raise and appropriate for elementary schools including teachers, wages and board, fuel, janitor services, conveyance, tuition and board of pupils, textbooks and school supplies for desk and laboratory use.

Art. 13 To see what sum of money the town will vote to raise and appropriate for secondary school tuition.

Art. 14 To see what sum of money the town will vote to raise and appropriate for repair of school buildings.

Art. 15 To see if the town will vote to raise and appropriate $50.00 for public health nursing in St. Albans. Said sum to be expended by the State Bureau of Health, for local service.

Art. 16 To see if the town will vote to authorize the school committee to employ a school physician and raise and appropriate money for same.

Art. 17 To see if the town will raise and appropriate $61.40, the amount necessary to pay interest on school fund order.

Art. 18 To see what sum of money the town will vote to raise and appropriate to pay salary of superintendent of schools.

Art. 19 To see if the town will vote to instruct the school committee to let the conveyance to the lowest acceptable bidder.

Art. 20 To see if the town will raise and appropriate $500.00, the amount necessary to retire school construction note number five.

Art. 21 To see what sum of money the town will raise and appropriate to pay town charge account.

Art. 22 To see what sum of money the town will vote to raise and appropriate to pay interest on town debt.

Art. 23 To see what sum of money the town will vote to raise and appropriate for town poor account.

Art. 24 To see what sum of money the town will vote to raise and appropriate for Memorial Services.
Art. 25 To see what method the town will adopt for snow removal, or act on anything relating thereto.

Art. 26 To see what sum of money the town will vote to raise and appropriate to repair roads in summer.

Art. 27 To see what sum of money the town will vote to raise and appropriate for the repair and construction of bridges.

Art. 28 To see what sum of money the town will vote to raise and appropriate for winter roads.

Art. 29 To see if the town will vote to raise and appropriate the sum of $200.00 for the purpose of controlling White Pine Blister Rust in the township.

Art. 30 To see if the town will vote to raise and appropriate $150.00, the same to be expended on the Union Church.

Art. 31 To see if the town will vote to raise and appropriate $50.00 to repair the Dixie road.

Art. 32 To see if the town will vote to raise and appropriate $100.00, the same to be expended on the Hughes road.

Art. 33 To see if the town will vote to raise and appropriate the sum of $746.00 for Third Class Maintenance, the amount necessary to enable the town to receive Third money from the State.

Art. 34 To see what sum of money the town will vote to raise and appropriate for patrol maintenance for the ensuing year.

Art. 35 To see what sum of money the town will vote to raise and appropriate under Chapter 84, Sec. 11, of the P. L. of 1911, relating to trees and shrubs.

Art. 36 To see what sum of money the town will vote to raise and appropriate for street and hall lights.

Art. 37 To see what sum of money the town will vote to raise and appropriate to pay on overdrafts as shown in town report.
Art. 38 To see what sum of money the town will vote to raise and appropriate to pay on town debt.

Art. 39 To see if the town will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for the non-payment of taxes thereon, on such terms as they deem advisable and to execute quit claim deeds for such property.

Art. 40 To see what sum of money the town will vote to raise and appropriate for the Hartland Vol. Fire Co. for same services rendered as Hartland for the ensuing year.

Art. 41 To see if the town will vote to raise and appropriate the sum necessary for Mothers’ Aid and Dependent Children.

Art. 42 To see if the town will vote to raise and appropriate the sum of $100.00 necessary for insurance on Town Hall.

Art. 43 To see what fund of money the town will raise and appropriate for the care of soldiers' graves.

Art. 44 To see what sum of money the town will vote to raise and appropriate for repairs on Town Hall.

Art. 45 To see if the town will raise and appropriate the sum of $50.00, the same to be expended on the road leading from A. P. Bigelow’s to Walter Butler’s.

Art. 46 To act on any other matter or matters not relating to the raising of money that may legally come before any town meeting.

The Selectmen will be at their office at 9:00 A. M. on the day of said meeting for the purpose of revising the list of voters.

Due to the fact that the tax rate for school purposes in the town last year was less than average tax rate for school purposes in the State, St. Albans will not receive any equalization money from the State in Dec. 1943. This is a serious loss and can only be made up by an increase in appropriations this year. The reason that the town is not sharing in equalization next year is due to either one or a combination of the following:

1. There was a sharp increase in the tax rate for school purposes in the State from .0130 to .0141.
2. There was a sharp decrease in the tax rate for school purposes in the town from .0182 to .0138.

Had the State tax rate remained as last year or nearly the same .0130 the town would still have shared in equalization in 1943.

A town shares in equalization when the town does the following:

1. When the town maintains school thirty-six (36) weeks every year.
2. When twelve mills (.012) on the state valuation of the town does not produce revenue enough to enable the town to maintain a minimum program.
3. When the tax rate for school purposes in the town is equal or above the average tax rate of the State.

The statements 2 and 3 are the most difficult to determine in advance. In the second statement the State valuation of property in a town is liable to a change every two years. In the third statement it is impossible to know what the State tax average will be until some months after town meetings are over.

Your school committee recommends the following budget for the school year 1943-44. The common school budget is a
very conservative estimate of expenses for next year. It does not allow for any increase in teachers' salaries. Personally, I believe the budget should be increased to take care of this item.

</table>
One hundred seventy pupils were examined in St. Albans schools during the 1942 session.

The predominating correctible disabilities were listed and the parents notified.

Schools which previously had a school physician were notably freer from illness due to correction at an earlier date as urged by their previous school medical attendant, C. A. Moulton, of Hartland through whose tireless efforts their health was made more secure for the future.

How can we further safeguard our children's future?

First, as noted at the time of their examination a correction of dietary deficiency. In other words, see that they eat the right kind of foods.

All children should have either orange, grapefruit, tomato, or pineapple juice at least once a day. Three out of every five children show evidence of Vit. C deficiency in school. Vit. B, a second offender due to its lack, as shown by our examination can be supplied by ingestion of bread, vegetables, meat, eggs, coarse cereals, milk, etc.

Vit. D lack as shown by faulty bone formation and poor teeth in many instances might well be supplied by some form of cod-liver oil.

Secondly, the teeth of many children are poor—a trouble which the parents should seek to correct. Here we should give them food which they have to chew—not prepare food that is soft and goes down easily without chewing. Cod-liver oil should be given, if possible, winter and summer. Exposure to the sun is very important in the summer, i. e., get their clothes off if in any way possible in the summer months.

Milk should be given freely and in some form or other to the amount of a pint to a quart daily. This supplies the necessary minerals to make strong teeth and bones. I am sorry to see that milk has been removed from the schools this past year. In my opinion there is no substitute for pure wholesome milk in building strong bodies and alert minds. Therefore, I would recommend that an effort be made to have this useful food included as a part of each and every school's curriculum.

Not only buy your child a toothbrush but see that he or she uses it twice daily. This forms a massage of the gums which is necessary for good teeth.

Thirdly, many parents will note that their children have been marked on their throat and hearing. A child who has
had abscesses in his or her ears in the past definitely will have a recurrence of the same if the cause is not removed. Frequent "gatherings" or ear abscesses means difficult hearing and often paves the way to mastoid and more serious difficulties. If the adenoids are removed a child usually does not have recurring abscesses of the ear as that is the most common cause of this condition in an indirect way. Hence removal of tonsils and adenoids usually help prevent subsequent ear disease and improve ear disease of long standing.

Fourthly, have your child take all inoculations and tests as recommended by the State Department of Health. This helps prevent epidemics and will do no harm to the child. Every child should be inoculated against smallpox, diphtheria, and typhoid fever.

Fifthly, I further recommend a better system of ventilation for the school rooms. In many instances the windows are opened directly on the pupils when a change of air in the room is indicated. Further, the screening of the windows to prevent flies and other insects will help many of the schools to have fewer empty seats due to illness. Many schools have non-adjustable seats which indirectly effect your child's health due to the fact they do not fit the seat hence poor posture and poor health. Some schools have poor lighting systems, in which the black board is mottled or shaded. This too should be corrected.

In summarizing may I impress you with the fact that "an ounce of prevention is worth a pound of cure". If we wish to prevent future troubles to our children by giving them the right diet, rest, school surroundings, and hygiene we are doing well for them not only for today but for years to come where they will need their healthy bodies and minds to meet the future and have a much better chance than any of us had.

Respectfully submitted,

DR. PAUL R. BRIGGS

School Physician
Report of the Public Health Nurse, 1942

ST. ALBANS

Frequently we, as Public Health Nurses, are asked this question, "Just what do you do?" Perhaps the reason we hear this so often is that we do not advertise ourselves enough. To the following we are usually well known; families with babies and small children, and many with school children, selectmen, health officers, town clerks, and teachers. However, families without children, as a rule, have little knowledge of our work. Therefore, this year in my report I will try to explain more about what we do.

Our work as Public Health Nurses is an effort to insure that every baby is born healthy, is kept in good health through the childhood and school years by adequate nutrition, prevention of communicable diseases, good dental care, correction of possible defects and good clean housing. The adult, which this child becomes, cannot help but be more healthy than one who has not had this care. Therefore you will be interested to know that in your town during the past year visits were made to fourteen expectant mothers and thirty-two infants. Health supervision was given to sixty preschool children. School children have been seen in school followed by home visits when necessary. Audiometer hearing tests were given in September to one hundred and fifty-six. Those with hearing defects are being visited to see if corrections can be made. One service rendered to school children, that cannot be measured in figures, is the conferences the Public Health Nurse has held with the teachers concerning the growth and development of the school child and planning for health protection services.

A Child Health Conference was held in August where children under six were examined by a physician. Dental inspections were given by a dental hygienist. The conference was sponsored by the Farm Bureau. Immunizations against smallpox and diphtheria were offered at this time. At conferences where the nurse is present the physician is paid by the State. Children with orthopedic defects have either been
seen at the Crippled Children's Clinic or home visits have been made to help the mothers carry out the clinic recommendations or to encourage them to attend clinics when they receive notification. In addition to the above work there is a constant effort on the part of the nurse to plan for community protection. The war emergency has made this more important than ever.

Smallpox vaccinations were given in March to ninety-five and ninety-nine received their first diphtheria innoculation. A second dose of the toxoid will be given as soon as possible to insure immunization.

The cooperation the selectmen and town clerk have given the Public Health Nurse has been invaluable.

The work of the nurse could be enhanced and a great deal of time saved for the town by the organization of a permanent Local Health Committee. With such a committee your Public Health Nurse could another year plan better protection for your community.

MISS LOUISE SKELTON

Public Health Nurse
# Report of Town Clerk

**ETHEL M. LIBBY, Town Clerk**
Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
