Cash and bills in treasurer's hands, 103.13

*$4617.23 of highway taxes are included in the above amounts.

JAMES L. BEAN, Treasurer.
REPORT OF SCHOOL COMMITTEE.

We hereby submit the following report of schools for the year ending March 1, 1894:

Teachers and Teaching.

District No. 1 had three terms of school. Spring term taught by Mrs. Abbie M. Ordway, a teacher of some experience. Fall term taught by Mrs. Abbie L. Moody. The scholars did thorough work in the different branches of study. Winter term taught by Miss Sadie J. Woodbury. The good work of the preceding terms was continued through the winter.

District No. 2. Spring term taught by Miss L. Abbie McDowell, a normal graduate, an experienced and successful teacher. Owing to the failure of the parents and pupils to give her their support the school was not so successful as it should have been. Fall and winter terms taught by Joseph S. Mullen, assisted by Miss Carrie Hatch in fall and Miss Alice Knight in winter. The school made very good progress under these teachers. The greatest defect was lack of discipline on the part of principal.

District No. 3 had two terms of school. Spring term taught by Miss Edith H. Thomas. There appeared to be a lack of interest in the school. Fall term taught by Miss Hattie Marriner. The school has been under her instruction a number of terms with good success.

District No. 4, three terms of school. Spring term taught by Mrs. Alice M. Blaisdell. When visited by committee at beginning of term the school was making good progress, but as it closed one week sooner than reported by agent, we cannot speak so fully of the work done. Fall term under the instruction of Miss Nina E. Jones, a graduate of the Castine Normal School and an experienced
teacher. She used many of the advanced methods of teaching as taught at the Normal school and with good results. Winter term taught by Ralph H. Howard. This term of school closed one week sooner than expected, therefore the committee made but one visit. Mr. Howard reported a quiet, pleasant and profitable school.

District No. 5 had three terms of school, all taught by Miss Sadie D. Waterman. This was Miss Waterman's first experience in teaching, but she and her pupils seemed interested in their work when visited by committee. Owing to a misunderstanding as to time of closing the school we cannot report the progress made.

District No. 7, two terms. Spring term taught by Miss Ethel E. Thomas and was quite a profitable term. Fall and winter term taught by Miss Nellie E. Mitchell, an experienced teacher, who took great interest in her school and taught a very profitable term. The teacher introduced at her own expense Hyde's First Lessons in English and did excellent work with the same.

District No. 8, two terms taught by Miss Ada M. Conant with fair success considering the number of scholars.

District No. 10. Spring and winter terms taught by Mrs. Sarah F. Fuller. She was very successful in governing and instructing her school. Fall term taught by Miss Lottie Waterman, an inexperienced teacher, this being her first school.

District No. 11. The school for the year was under the instruction of Miss Abbie W. Fuller, a student of Castine Normal School. This was her first experience in teaching and she labored for success and fully achieved it, giving general satisfaction.

The three terms in District No. 13 were taught by Miss Sadie E. Murray, who took an interest in her work, and the school made fair progress.

District No. 14 had three terms of school. Spring term taught by Miss Nora Spear, a teacher of some experience. Fall and winter terms taught by Miss Lula E. Payson. She conquered the unruly scholars, maintained good order, and taught a profitable school.
As compared with former years our schools have made some improvements, and we hope that under the new law there will be a greater advancement in the interest of the same.

Under the law requiring instruction in temperance to be given in the public schools, and at the request of the Woman’s Christian Temperance Union, new temperance physiologies were introduced, and all pupils in the fourth and fifth classes were required to study or read them.

For the past three years the town has raised for the support of schools one dollar for each inhabitant, and we recommend the same be raised the coming year.

J. F. BURGESS,
A. L. MADDOCKS,
A. N. JEWETT,  Superintending
School Committee
of Searsmont.
