REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and citizens of the Town of Bethel:

I herewith submit my seventh annual report of the schools and school property of this town.

The schools opened for the fall term with only three changes in the teaching staff. Mr. E. C. Norton was elected Principal of the Grammar School to fill the vacancy caused by the resignation of Mr. H. R. Bean who accepted the position of Principal of Old Orchard High School. Miss Doris Clifford was engaged for the fifth grade as Mrs. Dorothy Tucker resigned to accept a position in Boston. Miss Ellen Jolikko was secured to teach the East Bethel Primary grades, Miss Alta Brooks being granted a leave of absence for one year to attend Normal School. Miss Frances Bean was transferred to the Middle Intervale school and Miss Alene Clifford to the South Bethel school. All of the new teachers in addition to Normal training have College credits. Two of the teachers attended Farmington Normal Summer School the past Summer. With their experience and training, all of the teachers are well qualified to efficiently fill the positions which they now occupy. All teachers and pupils seem enthusiastic and are showing a fine spirit of co-operation, each doing his or her part to maintain a high standard of efficiency.

The registration in the Common schools for the fall term fell below that of the past two years, while the High School registration is the largest in the history of the town. The attendance for the fall term averaged a higher percentage than that of the past two years according to the number registered. The parents and pupils have co-operated with the teachers in every way to make the school attendance a success, especially in the rural schools.

The plan for carrying on Health work in the schools has not been changed to any extent during the past two years as there has been no appropriation for a school nurse.
Mrs. Ruth Hopkins, County Nurse, has visited the schools from time to time making helpful suggestions. It would seem advisable for the town to appropriate $50 towards the nurse's salary to assure the pupils of regular examinations and follow-up work. The School Physician has been very generous in regard to the allotment of time to the schools considering the salary that is appropriated for his services.

There have been no special Relief projects through Government sources this past year. The teachers in most of the rural schools are carrying on the regular hot-lunch programs as in previous years.

The local Parent Teacher Association in conjunction with the National Youth Administration is sponsoring a public skating rink for the welfare of the children. Through the generosity of Mr. Wesley Wheeler a lease of land was obtained for the same. The Association is constantly giving of its funds and time for the betterment of the children of the village schools.

The schools are fairly well supplied with textbooks. New Arithmetics have been procured in the seventh grade and supplementary reading material has been purchased to take the place of worn-out copies in the various grades. New Histories will be needed in the seventh grade another year. The Grammar school needs a new set of reference books.

A summer playground was not maintained as two Church schools were in session at the Congregational and Methodist churches. It was not deemed necessary to provide further recreational facilities.

Repairs have been made on the roof of the Grammar school and on the shed at the East Bethel school. All the buildings are in good condition outside but it will be necessary to paint the walls and ceilings of the East Bethel school. The ceilings of the South Bethel and Middle Intervale schools should be merescoed. A new stove is needed in the Grammar room at the West Bethel school. Arrangements have been made to weather strip the windows of that room. The walk around the Grammar School building should be replaced. It will be necessary to make these repairs during the coming summer.
The insurance on the school buildings has for years been carried in the miscellaneous account. It would seem advisable for the town to appropriate the necessary amount for insurance premiums separately as this matter comes within the jurisdiction of the Superintending School Committee.
