AUDITOR'S REPORT.

I have examined the accounts of the Selectmen and Treas­
turer of our town, for the year of 1928-29, and find the foregoing
accounts agree with the books submitted to me for examination
All moneys paid to the Treasurer have been properly accounted
for.

SCHOOL REPORT
REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent, School Committee, and Citizens of Winterport I respectfully submit the following report of the High School for the year 1928-29.

School opened September 4, 1928 with an enrollment of 59 pupils of which 50 are still enrolled.

They are as follows:

Seniors 6
Juniors 15
Sophomores 16
Freshmen 13

The attendance has been very regular until the last few weeks, when sickness has caused many absences. However most of the students are now back at school again.

Our building has been painted on the outside this year, but is badly in need of repairs on the inside. The walls and ceiling of all the rooms in the building should be cleaned and painted. We also need new seats.

We are attempting to change some of our books for later editions as many of them are very much out of date. We have a small library started but should continue to add to this each year. The same situation applies to our laboratory which is very poorly equipped. We are supposed to have an annual income of not less than $75 per year for this work.

Your school is a class A school on the list approved by the New England Board for College entrance, and this requirement should be met to keep up the rating.

We have joined the Waldo County League for the promotion of athletic activities. It is our hope that through this League we may promote a friendly spirit of rivalry and cooperation between the schools of the county. In the spring the schools of Stockton, Frankfort, Monroe and Winterport are to hold a track meet for both boys and girls.
We are attempting to interest everyone in these activities, not for the purpose of promoting winning teams, but to develop minds and bodies to think clearly and act quickly as a situation may demand.

The schools of this section of the County are also to participate in a speaking contest to be held in Searsport in the Spring. Our school is to be represented by one boy and one girl.

The great majority of these High School pupils will not go farther to school after they graduate here. Is it not then the duty of the town to see that they have the suitable conditions to work under, and adequate equipment to work with? Good work cannot be produced under poor conditions.

In closing I wish to thank the Superintendent of Schools, the School Committee, the parents and the citizens for their cooperation.

Respectfully Submitted,
Kenneth E. Kane, Principal.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Winterport:

I herewith submit my report of the schools of this town for the fiscal year ending Feb. 1, 1929.

As the school year and fiscal year do not correspond it is difficult to make a complete report at this time. We have five new members on our teaching force, all of whom are doing well. Our teachers on the whole are vitally interested in their work, willing to cooperate with the school officials, and showing a truly professional attitude. I believe that a person who intends to continue teaching should make some further study at frequent intervals in order to keep well informed on the best educational methods and procedures.

We have 229 pupils enrolled in our elementary schools, which is thirty more than were registered the previous year. The attendance in most of the schools has been rather irregular due to so much sickness, and promotion on the whole will be more difficult.
Our school teams are rendering very satisfactory service, furnishing safe and comfortable conveyance for those who live at a distance. We have no new transportation routes, but are conveying eleven more pupils than were conveyed last year.

The enrollment in the High School is approximately the same as in 1927-28. The offering of prizes by the Parent-Teacher Association for excellence of work in English, Foreign Languages, and a General Achievement prize, and also a Science prize given by Margaret A. Niles in memory of her son, Albion K. Bolan, should encourage the students to perform better work.

Considering that only a small percentage of our students take the Classical Course, I believe that we should make some provision for vocational training and guidance. A course in Agriculture would be beneficial to a large number of our students.

I believe that we should make the conditions surrounding school life as pleasant and agreeable as possible; that we should furnish our teachers with adequate textbooks and the best in equipment in all lines in so far as we are able, in order that they may work under favorable circumstances and obtain the best results.

Your School Committee recently voted to adopt a Town Course of Study for the elementary schools. Where we have nine distinct elementary schools there is need for such a Course of Study for efficient administration and supervision, in order to keep the work of the grades progressing at a uniform rate; to assume equal educational opportunities for all; and to maintain high standards.

Financially, we have had a prosperous year with all of our accounts meeting our obligations and showing a balance. The recommendations of the committee for the appropriations have been made after careful study of the situation and should be followed. We are asking for the same amount of money for school purposes as was appropriated last year. We shall need more funds in the Repair Account, but we are cutting Textbook and Supplies Accounts to provide for the increase.

In regard to repair work, the High School building has been
painted, which has added to its attractiveness as well as preserved its usefulness. The interior is to be given a thorough cleaning and painting.

The Grammar and Whittier schools need painting on both the interior and exterior and we are planning to do the work this year. The Grammar, Fisher and the High School are in need of new individual seats. All of the other schools have them now and we hope to be able to purchase a part of them this year.

Respectfully submitted
Kermit S. Nickerson,
Superintendent of Schools.
