Albums of Study Pieces for Special Purposes

ALBUM OF SCALES

The use of this collection of twenty harmonious compositions offers a relief from the tedium of scale practice, which is all too frequently confined to the bare, uninteresting scales. In these excellent numbers scale passages predominate, but the student, coming upon them in various rhythms and combinations, finds them much less irksome and fully as beneficial as the more monotonous form.

Price 75 cents

ALBUM OF ARPEGGIOS

Practice in arpeggios, laying is doubly beneficial when it comes in the form of attractive and tuneful numbers, such as are offered in this book of twenty compositions. They will be found effective for students of medium ability, for in addition to affording excellent practice in this important phase of work, they are interesting by reason of their attractive melodies.
