THE STORM KING.

March Galop.

INTRODUCTION.

SPECIAL NOTICE. The first page of this piece is not a part of the March - Galop proper, but is simply introduced here to show the special descriptive effects, when played by an Orchestra, representing Distant rumbling of thunder, Drops of Rain falling, Flashing of Lightning, The storm King awakening and His Defiance of The Elements, which leads up to the March. It makes a fine study for any one that may wish to use it; but in playing the March we would advise that this first page be omitted, unless the performer can render same in a specially good manner.

E. T. PAULL.
