Biographical / Historical

Some of the records were created during the tenure of Henry Austin Peck who became Vice President for Academic Affairs on July 1, 1961. Peck took over many of the duties of Charles E. Crossland who was Vice President for Administration. Peck was the chief academic officer of the University of Maine and his major responsibilities were for coordinating new programs, providing liaison with academic departments, and for coordinating the planning of the academic expansions of the University.

Peck born in 1921 was a native of Somerville, MA and joined the University of Maine as professor of business and economics in 1948. Peck went on to also become the director of the School of Business Administration before becoming vice president for academic affairs. Peck died in 1970 during his tenure as president of the State University College of New York at Potsdam.

Some of the records were also created during the tenure of Dr. Richard C. Bowers as University of Maine Vice President for Academic Affairs (1981-1986). From 1986 to 1992 Bowers was Vice Chancellor for Academic Affairs of the University of Maine System. Before coming to the University of Maine Bowers was president of the University of Montana.
