"JUVENILE RHYMES AND JINGLES"

Composed and Compiled by GEO. L. SPAULDING Two Volumes with Music.

IN announcing this collection of children's familiar playtime songs, we must be pardoned if we are enthusiastic, but we can't help feeling we are contributing something beneficial and educational, at the same time affording entertainment for the little ones. A perusal of the contents appended below, will enroll your name to our already long list of converts. That these jingles have never before been collected and published is surprising in the extreme, but such is the fact, and that the young folks will welcome these volumes with open arms is a foregone conclusion.

The piano accompaniments are both easy and effective.
